## Inspiration Series

Looking to downsize, but still have ample space? This plan is for you. With its open concept, vaulted ceilings, and large master bedroom, you will fall in love with this home.

The master bedroom offers plenty of natural light with large windows, a large walk in closet, and a private full bathroom. The second bedroom has its own full bath with storage and the mudroom includes laundry as well. Best of all is the large concrete front porch with beautiful columns making a statement in the front of this home.

Complete your home with a finished basement or add a deck for that unique touch.
